

Moisture Determination Balance

Code: 582-600/01

Product Group: N/A

Specification

Capacity	50 g
Readability	0.001g/ 0.01%
Pan size	3.9" Ø / 100mm Ø
Weighing units	g, %M, %S, ATRO %M, ATRO %S
Stabilization time (sec)	4
Interface	RS-232, USB
Memory settings	Internal memory stores up to 99 test results and 49 programmable user settings External USB drive for limitless data storage of test results and settings
Calibration	External calibration
Display	Backlit LCD with 0.9"/ 24mm-high digits
Power supply	Cord
Operating temperature	0° to 40°C / 32° to 104°F
Housing	Die-cast aluminum
Overall dimensions	9.8"x14.2"x7.3" / 250x360x185mm (wxdxh)
Net weight	6 kg
