

pH Meter

Code: [513-092](#)

Product Group: [N/A](#)

use

- Pocket-sized pH meter, ideal for everyday

- Automatic calibration feature
- Easy to read 8 mm LCD display
- Display hold function
- Temperature operating range 0 to 50°C

The 513-092 is a user-friendly and simple to use pH meter that incorporates an automatic calibration feature. At the touch of a button, the instrument will automatically re-calibrate itself when used in conjunction with a 7.00 pH buffer solution.

The pH Meter will power off automatically after ten minutes, maximising battery life. It is ideal for measuring the pH in food processing and water testing applications. The pH tester is an invaluable tool when mixing concentrates with water.

The unit is powered by four LR44 button cell batteries (supplied) and includes a protective cap.
