

Pressure plate extractors

O-Ring Lid Seal Pack of 2

Code: [532-100/10](#)

Attributes: [Description = O-Ring Lid Seal](#)

Standards:

Connection Set for 532-180 Series.

Code: [532-182](#)

Attributes: [Description = Connection Set](#)

Standards:

Plug bolts with seal

Code: [532-120/16](#)

Attributes: [Description = Plug bolts with seal](#)

Standards:

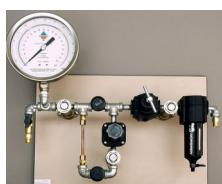

Low Pressure Manifold

Code: [532-110](#)

Attributes: [Description = Low Pressure Manifold](#)

Standards:

Low to high pressure manifold.

Code: [532-128](#)

Attributes: [Description = Low to High Pressure Manifold](#)

Standards:

Combination Manifold.

Code: [532-136](#)

Attributes: [Description = Combination Manifold](#)

Standards:

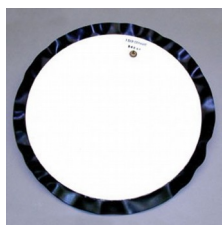

5-Bar Pressure Plate Extractor.

Code: [532-100](#)

Attributes: [Description = 5-Bar Pressure Plate Extractor](#)

Standards:

5-Bar Pressure Plate Cell

Code: [532-107](#)

Attributes: [Description = 5-Bar Pressure Plate Cell](#)

Standards:

Soil Sample Retaining Rings Pack of 12.

Code: [532-108](#)

Attributes: [Description = Soil Sample Retaining Rings](#)

Standards:

15-Bar Pressure Plate Extractor.

Code: [532-120](#)

Attributes: [Description = 15-Bar Pressure Plate Extractor](#)

Standards:

15-Bar Pressure Plate Cell.

Code: [532-120/10](#)

Attributes: [Description = 5-Bar Pressure Plate Cell](#)

Standards:

Outflow tube assembly with seal

Code: [532-120/14](#)

Attributes: [Description = Outflow tube assembly with seal](#)

Standards:

Hose Manifold to 5 Bar Extractor.

Code: [532-111](#)

Attributes: [Description = Hose Manifold to 5 Bar Extractor](#)

Standards:

Hose Manifold to 15 Bar Extractor.

Code: [532-112](#)

Attributes: [Description](#) = Hose Manifold to 15 Bar Extractor

Standards:

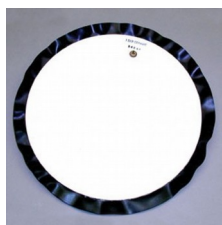

1-Bar Pressure Plate Cell

Code: [532-104](#)

Attributes: [Description](#) = 1-Bar Pressure Plate Cell

Standards:

3-Bar Pressure Plate Cell

Code: [532-106](#)

Attributes: [Description](#) = 3-Bar Pressure Plate Cell

Standards:

PM Compressor 220-240V 50Hz 1Ph.

Code: [532-180/01](#)

Attributes: [Description](#) = Compressor

Standards:

15 bar ceramic cup

Code: [532-124](#)

Attributes: [Description](#) = 15 bar ceramic cup

Standards:

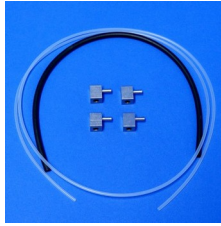

Electrical lead through

Code: [532-126](#)

Attributes: [Description](#) = Electrical lead through

Standards:

Right angle outflow adapter kit

Code: [532-120/12](#)

Attributes: [Description = Right angle outflow adapter kit](#)

Standards:
