

Platen Assemblies

Extended Front Safety Gate for Use with 2000kN BS/EN Load Frames Fitted with Rectangular Platens.

Code: [37-4835](#)

Attributes: [Description](#) = Extended front safety gate for use with rectangular platens

Standards:

BS/EN Standard Rectangular Platen

Code: [37-4860](#)

Attributes: [Description](#) = BS EN Rectangular platens for block testing

Standards: [BS 6073-1](#), [EN 772-1](#)

Sub-Platen Assembly for 150mm Dia Specimens for Split Cylinder Testing to BS1881 / EN12390-6

Code: [37-5420](#)

Attributes: [Description](#) = Platens for tensile splitting of cylinders

Standards: [EN 12350-6](#), [BS 1881-131](#), [ASTM C496](#)

BS Block Platens & Platen Handling Assembly for 2000kN & 3000kN BS Frames.

Code: [37-4830](#)

Attributes: [Description](#) = BS Block Platens & Platen Handling Assembly

Standards: [BS 6073-1](#), [EN 772-1](#)

Test Pieces EN 12390-6 Pack of 100 Hardboard.

Code: [37-5450](#)

Attributes: [Description](#) = Test pieces for splitting tensile test

Standards:

300mm Lower Brick Platen

Code: [37-4842](#)

Attributes: [Description](#) = 300mm Lower Brick Platen

Standards: [EN 12390-4](#)
