

## Pull-off testing

### Battery pack complete

Code: [35-2310/19](#)

Attributes: [Description](#) = Battery pack complete

Standards:

### Test disc aluminium Ø 50mm/M10, set of 10

Code: [35-2310/11](#)

Attributes: [Description](#) = Test disc aluminium Ø 50mm/M10, set of 10

Standards:

### Test disc aluminium Ø 20mm/M10, set of 10

Code: [35-2310/12](#)

Attributes: [Description](#) = Test disc aluminium Ø 20mm/M10, set of 10

Standards:

### Test disc aluminium 50x50mm/M10, set of 10

Code: [35-2310/13](#)

Attributes: [Description](#) = Test disc aluminium 50x50mm/M10, set of 10

Standards:

### Test disc aluminium 40x40mm/M10, set of 10

Code: [35-2310/14](#)

Attributes: [Description](#) = Test disc aluminium 40x40mm/M10, set of 10

Standards:

### Test disc aluminium Ø 100mm/M10, set of 3

Code: [35-2310/15](#)

Attributes: [Description](#) = Test disc aluminium Ø 100mm/M10, set of 3

Standards:

### Test disc aluminium 100x100mm/M10, set of 3

Code: [35-2310/16](#)

Attributes: [Description](#) = Test disc aluminium 100x100mm/M10, set of 3

Standards:

## Test disc aluminium Ø 75mm/M10, set of 5

Code: 35-2310/17

Attributes: Description = Test disc aluminium Ø 75mm/M10, set of 5

Standards:

## Automated Pull-Off Adhesion Tester

Code: 35-2310

Attributes: Description = Automated Pull-Off Tester

Standards: EN 1542, EN 1015-12, EN 1348, ASTM D 4541

## Test disc steel Ø 50mm/M10, set of 10

Code: 35-2310/10

Attributes: Description = Test disc steel Ø 50mm/M10, set of 10

Standards:

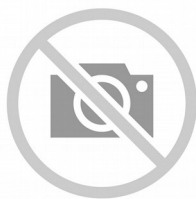

## Adaptor plate for large test discs

Code: 35-2310/18

Attributes: Description = Adaptor plate for large test discs

Standards:

## Fixing kit for vertical and overhead surfaces

Code: 35-2310/20

Attributes: Description = Fixing kit for vertical and overhead surfaces

Standards:
