

Accessories for Gyratory Compactor

Specimen Extruder

Code: [45-6710](#)

Attributes: [Description = Specimen Extruder](#)

Standards:

Calibration kit for internal angle lead

Code: [45-6750/11](#)

Attributes: [Description = Calibration kit for internal angle lead, Sample diameter = n/a](#)

Standards:

Internal angle measuring device inc. asphalt Hot Mix Simulator (HMS – Hot Mix Simulator)

Code: [45-6750/14](#)

Attributes: [Description = Internal angle measuring device with Hot Mix Simulator](#)

Standards:

Option for 300mm mould height (cannot be retro-fitted)

Code: [45-6750/16](#)

Attributes: [Description = Option for 300 mm mould height \(cannot be retro-fitted\)](#)

Standards:

Display, Shear Force

Code: [45-6750/18](#)

Attributes: [Description = Shear Force Display](#)

Standards:

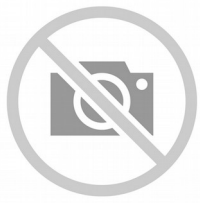

Specimen Temperature Measurement

Code: [45-6750/19](#)

Attributes: [Description = Specimen Temperature Measurement](#)

Standards:

Small air compressor for 45-6750

Code: [45-6750/28](#)

Attributes: [Description = Air compressor](#)

Standards:
