Compression Frame Jig Assembly

Compression Frame Jig Assembly

Code: [39-5600](#)

Product Group: [Cement Testing Accessories](#)

Does come as standard with 39-6160/01 and 39-6160/06.

This jig assembly is designed for the compression testing of 40 x 40 x 160 mm mortar prisms after breaking in flexure, also for the testing of 50 mm and 2 in square mortar cubes using the appropriate platens. The frame is fitted with a spherical ball seating assembly to which is attached the upper platen.

Note: Compression Jig Assembly shown with platen; not included; order separately.

Standards

ASTM C109, EN 196-1
