## DS7.2 One-Dimensional Consolidation Program for Windows 7, 32/64 bit

Code: 27-1773

Product Group: DS7.2, DS7.2 One-Dimensional Consolidation Software

DS7.2 Consolidation Software provides all basic functions needed to record and analyse consolidation test data. Options are available for monitoring settlement on a log time or square-root time basis. Printouts and graphical plots are available for all stages including Mv and Cv moisture content, voids ratio plots, and initial sample conditions.
