

## DS7.3 One-Dimensional Consolidation for Windows 11

Code: [27-2773](#)

Product Group: [DS7.3](#)

DS7.3 Consolidation Software provides all basic functions needed to record and analyse consolidation test data. Options are available for monitoring settlement on a log time or square-root time basis. Printouts and graphical plots are available for all stages including  $M_v$  and  $C_v$  moisture content, voids ratio plots, and initial sample conditions.
