

Portable Autoclave 14 Litre Capacity

Code: [548-025/01](#)

Product Group: [General laboratory instrumentation](#)

- Capacity 14 Litres
- Material: Die Cast Aluminium
- Internal Dimensions: 280mm Diameter X 230 mm High
- External Dimensions: 420mm Wide X 400mm Deep X 520mm High
- Net Weight: 13.0 KG
- Heat Source: Internal Electric Element 2.0

KW

- Power: 230 V 50 HZ
- Maximum Working Pressure: 1.0 Bar
- Maximum Working Temperature: 121

Degrees C

- Complies With: H&SE PM73 (Lid Locking Devices) BS 3456: Part 101: 1987 (Electrical Safety) CE marked in compliance With EMC Regulations 1992

- Manufactured In The UK

Further Information

Complies With: H&SE PM73 (Lid Locking Devices) BS 3456: Part 101: 1987 (Electrical Safety) CE marked in compliance With EMC Regulations 1992
