

## Potassium Ion Selective electrode

Code: 488-014

Product Group: General laboratory instrumentation

### Specification

|                 |          |
|-----------------|----------|
| Detection Limit | 0.04 ppm |
| Single Junction |          |
| Double Junction | Yes      |
